

ORDINANCE NO. 93-04

AN ORDINANCE BY THE CITY COUNCIL OF
INGLESIDE ON THE BAY
APPROVING PETITION OF CENTRAL POWER AND LIGHT
COMPANY FOR NEW ECONOMIC DEVELOPMENT TARIFF TO BE
EFFECTIVE WITHIN CITY LIMITS

WHEREAS, on August 3, 1992, Central Power and Light Company ("CPL") filed with the City of Ingleside on the Bay a request for approval of a proposed new economic development tariff, Economic Development Rate - Rider 24, to be effective within the city limits; and

WHEREAS, the economic development tariff filed by Central Power and Light Company was the same as that filed with the Public Utility Commission of Texas and, after modification to such tariff and additional agreements and undertakings by Central Power and Light Company, the tariff was approved by the Public Utility Commission of Texas on March 12, 1993, for application in the environs outside of the city limits; and

WHEREAS, by filing date April 5, 1993, Central Power and Light Company amended its request with this City for approval of an economic development tariff, asking that a tariff be approved which is identical to that approved by the Public Utility Commission of Texas on March 12, 1993; and

WHEREAS, approval of CPL's amended tariff as requested will not cause rates within the City to increase and potentially benefits the City by aiding economic development efforts; and

WHEREAS, it is determined that proposed, amended Economic Development Rate - Rider 24 results in a just and reasonable rate;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF INGLESIDE ON THE BAY, ACTING THROUGH ITS DULY ELECTED OFFICIALS IN ITS CAPACITY AS A REGULATORY AUTHORITY UNDER VERNONS ANNOTATED CIVIL STATUTES §1446c, THAT:

SECTION 1. The proposed tariff for economic development, Economic Development Rate - Rider 24, as proposed and amended by Central Power and Light Company and adopted by the Public Utility Commission of Texas be effective within the City of Ingleside on the Bay beginning April 20, 1993.

Don M. Eisenhauer
CITY SECRETARY

Alfred Robbin
MAYOR
